FINANCE AND COMMERCE.

FINANCIAL

NEW YORK, July 25.

Money—Easy at 26½ per cent; closed offered at 1½ per cent.

Prime Mercantile Paper—41½ per cent.

Sterling Exchange—Bankers' bills dull at 4½; demand, \$4.87.

Governments were firm in early dealings.

Stocks were strong and fractionally higher.

Wabash shares were weak. Speculation during the greater part of the day was dull and irregular, but toward the close a good buying movement set in, and the market gradually advanced to the best figures of the day, which were 1 to 1½ per cent higher than last night's closing prices.

Northern Pacific shares were prominent in the advance. The undoubt of the market was strong, partly owing to the fact that the passenger difficulties in the trunk line pool have been amicably arranged, and to highly encouraging reports in regard to the corn crop. A rumor that Secretary Folger would issue a call for bonds August 1 also stimulated purchases.
